**FUTURE  
IN SIGHT**

Transforming the lives of individuals with vision loss through education, training & support

## News & Views February 2019

Friend

As I write this month's newsletter we're preparing for yet another storm. This time of year can bring along some "winter blues!" Our staff has been busy putting together some "Live & Thrive" events for our youth and adult clients to help get us through the last of these long, cold months. Most recently our adult clients enjoyed some guided ice skating at Strawberry Banke's Puddle Duck Pond with expert guidance from members of Ice Dancers International.

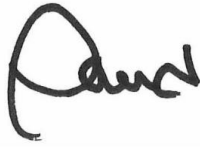

Our Mitsy Kit group continues to meet twice a month to continue their craft with accessible sewing projects. The end results are quite amazing and they have a lot of laughs in the process. These group programs are so vital to enhancing one's mind, body and soul!

The success of these group programs is not possible without your help! Join us in our mission to transform the lives of individuals of all ages living with low vision or blindness. Become a [volunteer](#) for a client in need, join one of our advisory

groups, participate in our [special events](#) throughout the year, or [make a donation](#) to support our programs and services.

Please be sure to follow us on [Facebook](#) and [Twitter](#) to stay up to date on current happenings in your area.

With gratitude,

David S. Morgan  
President & CEO

### In Memory of Dave Trzaska

It is with great sadness that we share with you that one of our staff members, Dave Trzaska, has passed away. Dave had relocated from NJ in February 2015 to join the Future In Sight team as a Certified Orientation & Mobility Specialist. Prior to joining us Dave spent 15 years at The Seeing Eye dog guide school in Morristown, NJ. He earned his Bachelor's Degree at Carson Newman University and his Master's in Orientation & Mobility from Western Michigan University.

Dave has been a great friend and colleague and through his work has helped many people living with vision loss become better travelers and more confident in their ability to navigate their communities. As a Veteran, he especially enjoyed working with fellow Veterans who are living with sight loss. Dave will be greatly missed by all of us here at Future In Sight and the many clients he served.

The family has requested in lieu of flowers that memorial donations be
