

**FUTURE  
IN SIGHT**

Transforming the lives of individuals with vision loss through education, training & support

## News & Views January 2019

Friend

Welcome to 2019! For many, the start of the new year begins with a list of resolutions. This year I'd like to encourage all to set attainable goals and outline a plan of action towards them, instead of just resolutions. According to Inc. Magazine and University of Scranton research, fewer than 8% of us keep our New Year's resolutions. The reason - we are too vague. This year, let's take some time to set some measurable goals, and then build a simple plan to achieve them.

I am so very proud of all that Future in Sight and our staff of teachers, social workers, therapists, technology specialists and support staff have accomplished to help serve more than 3,300 infants & toddlers, school age children, adults and seniors who are blind or visually impaired. Our holistic, continuum of care approach, provides a full range of services to individuals of all ages, anywhere in New Hampshire, irrespective of ability to pay.

In 2019 we not only resolve to grow our range of services and provide hundreds more with support in schools and in homes, but we have set specific and measurable goals to do so.

We expect to provide education services to 150 children and vision

- We expect to provide education services to 150 children and vision rehabilitation services to more than 3,500 adults
- We are positioned to grow Living and Thriving Programs that include peer support, activities and recreation for children and adults to serve 25% more in 2019
- We are strengthening our partnerships with state agencies, eye doctors, and other area nonprofits to increase our referrals by 10%
- We will continue to expand our service revenue (5%) and fundraising capacity (10%) to achieve our budget goals and support continued growth

Our success is not possible without your help! Join us in our mission to transform the lives of individuals of all ages living with low vision or blindness. Become a [volunteer](#) for a client in need, join one of our advisory groups, participate in our [special events](#) throughout the year, or [make a donation](#) to support our programs and services.

Please be sure to follow us on [Facebook](#) and [Twitter](#) to stay up to date on current happenings in your area.

I hope the start of your New Year has been happy & healthy! We thank you for being a part of the Future In Sight family.

With gratitude,

David S. Morgan  
President & CEO

### In Case You Missed It

The Future In Sight Facebook page now has a public group that will serve as a platform for the sharing of beneficial information regarding assistive technology derived from Future In Sight technology user groups around NH. Topics, questions, and discussions may also reach beyond this scope to include all aspects of technology that may assist and advance the

independence of people who are blind and visually impaired. This group serves as a resource for users of technology, professionals in the field, and the community at large. All are welcome to join in discussions.

We hope you'll "Like Us" on Facebook and join in the conversations of the [Future In Sight Technology Group](#).

## See You At the Summit

Expertly written by the former Chairman of the Board, Randy Pierce takes you on his journey from the depths of loss to the heights of achievement.

If you have not had the opportunity to read his story I encourage you to do so. Randy's passion for life and overcoming adversity shines through in this memoir.

See You At The Summit is available on [Amazon](#) in multiple formats.
