Transforming the lives of individuals with vision loss through education, training & support

## News & Views November 2018

Friend

As the year begins to wind down and the busyness of the holiday season kicks in, I'd like to take this time to reflect on all we're grateful for here at Future In Sight. We are so very fortunate to have a strong network of partners throughout the Granite State that help us build and sustain our programs and services for our family, friends and neighbors that live with profound sight loss. Our [network of committed volunteers](#) who give so willingly of their time and talent to assist us in providing transportation, home visits and assistance with special projects throughout the year. And for our clients, who show us each and every day that with hard work and perseverance a life of quality and independence is attainable even with vision loss.

In less than two weeks we will celebrate Giving Tuesday. This is a global day of giving that harnesses the collective power of individuals, communities and organizations to encourage philanthropy and to celebrate generosity worldwide. Following Thanksgiving and widely recognized shopping events Black Friday and Cyber Monday, this year's #GivingTuesday will take place on November 27th and will kick off the giving season by inspiring people to collaborate and give back. When considering your giving options please remember the work that Future In

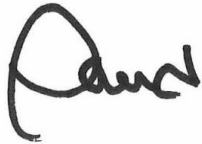

Sight does to [enrich the lives](#) of your family, friends or neighbors who are visually impaired. Your donation helps us educate, train, support and bring new technologies to those we serve. We thank you for your generosity!

From all of us at Future In Sight we wish you a very happy Thanksgiving with your family and friends.

Please be sure to follow us on [Facebook](#) and [Twitter](#) to stay up to date on current happenings in your area.

Thank you all for being a part of the Future In Sight family.
