A Special Message from the Board Chair and the President

Responsive... Reliable... Purposeful... Valuable... Effective... Inspiring

These are some of the words we've heard used to describe the work of the New Hampshire Association for the Blind over this past year. We've held our own amid the economic uncertainty that still dominates the thinking of all Americans. Thanks to each and every one of you, we can proudly say that we have continued to make a critical difference in the lives of New Hampshire residents who are blind and visually impaired.

People helping people is our history. As you may know, it was several women from the village of Hancock, New Hampshire who founded the New Hampshire Association for the Blind shortly before the onset of World War I. All were blind. In 1912, their dream was a simple yet far-reaching one: that all people who had lost their sight should be able to obtain the training and support they needed to maintain productive, fulfilling lives and that they would receive the help they needed regardless of their financial circumstances. Their dream is alive and well today.

Our founder and first volunteer, Emma Coolidge Weston of Hancock was known as "a woman who lost

her sight, not her vision." She would certainly be proud of how far we've come in nearly 100 years. She also would be astounded by the quality and variety of rehabilitation services as well as assistive devices and technology that we make available.

Today, the New Hampshire Association for the Blind remains the only private, non-profit, provider of specialized rehabilitation services in the State for persons of all ages who are blind and visually impaired. Our mission to "advance the independence of persons who are blind and visually impaired" has remained steadfast since our founding.

Ever since those early days we have relied heavily upon volunteers in so many roles. This year over 3,000 volunteer service hours were logged by volunteers who worked directly supporting clients. Having **volunteer assistance can greatly improve the chances for a successful outcome** for clients in their rehabilitation.

Countless additional hours were also given by members of the Board of Directors and community ambassadors, as well as volunteers in fund-raising. Volunteers and contributors have proven instrumental to our growth over the years and are the key to our future responsiveness and ultimate sustainability.

"Setting Our Sights on New Heights" is the theme of this year's report. Helping people succeed is what we are all about. Part of the work is inspiring a renewed purpose and sense of direction following loss of sight. Setting goals helps us to focus on what comes next.

This year's cover features Randy Pierce and his dog guide Quinn climbing Pack Monadnock as he began his 2020 VisionQuest project (see sidebar).

Randy says: "This is my way of thanking the Association for all they have done for me — I cannot imagine how lost I would have been during my transition to total blindness without their essential support. Can you imagine the sad reality, had I not had the help I received and instead became beaten down by the challenge of facing my blindness alone?"

Randy adds: "Along the way, I'm sharing the essential life lessons I've learned in school classrooms and with community groups and corporations as we strive to make a difference. Please share my story with friends, family members, co-workers and employers to help them understand why raising funds for the Association is so valuable."

Michelle M. Arruda, Board Chair and George F. Theriault, President and CEO.

Randy and his 2020 Vision Quest adventure is a wonderful example of what one individual can do to help so many. Randy first came to the Association as a client, later a volunteer. Now he's a member of the Board and an active ambassador and advocate. We think Randy is carrying on our founder's vision in a very special way.

Elsewhere in this report you will note the impressive services provided this past year, and the many high points in building public awareness, and advocating for independence and accessibility for all.

We have been resolute in our efforts to preserve the most critical services while improving our efficiency. Still, thanks to your generous contributions, nearly 1,500 individuals received specialized rehabilitation services over the past twelve months. Now we are positioned for growth as we get ready to celebrate 100 years of service to those "most in need."

We thank you, both contributors, and volunteers for working with us to make a difference.

Sincerely,

George F. Theriault
President & CEO

Cover Story:

Setting Our Sights On New Heights

*Randy and
"The Mighty Quinn."*

On the cover of this year's annual report is 44 year-old Randy Pierce from Nashua and his dog guide, "the Mighty Quinn." Randy first came to the New Hampshire Association for the Blind in November 1996 to receive orientation and mobility training. He was applying for a new dog guide and needed prerequisite training in orientation and mobility.

Randy's story is like so many we hear at the Association, a young man with a bright future, only to become completely blind at the age of 34. In addition to becoming blind, Randy suffered from an unknown neurological disorder that left him confined to a wheel chair with crippling migraines and dizziness for nearly 2 years.

But Randy refused to give in or give up. Instead, with each setback he became "more focused" and determined to regain his strength so he could continue to do the things in life that he loved.

Randy has accomplished so much over the last 10 years, more than most of us will achieve in a lifetime. He was elected to the New Hampshire Association for the Blind's Board of Directors, received the New England Patriots Fan of the Year Award during the 2001 season, was the subject of a 2008 Emmy-nominated HBO documentary about his life, and earned a 2nd degree black belt.

Most recently, Randy founded the non-profit 2020 Vision Quest to help raise funds for the New Hampshire Association for the Blind and Guiding Eyes for the Blind. Not known to shy away from a challenge, he has set a goal to earn certification from the Appalachian Mountain Club for climbing all 48 of NH's mountains over 4,000 feet tall by the year 2020.

Like the New Hampshire Association for the Blind, Randy is setting his sights on new heights. He is inspiring people to do what they can do, instead of what they can't.

Concord Peer Support — “I like having the support from people with similar vision impairments, who share the same kinds of feelings about vision loss.”

Grant Recognition

Thank You for Making A Difference

The services provided by the New Hampshire Association for the Blind continue to make a profound difference in people’s lives, influencing both independence and productivity. This year we’ve received significant support from a number of financial institutions, foundations and service clubs that are listed below. This support has allowed us to continue two successful Peer Support programs in Concord and Portsmouth, provide transportation to clients that need it, and replace obsolete assistive equipment as well as maintain our current level of service.

In addition, an energy grant helped defray the costs of a lighting upgrade project we undertook this year which will help us to become a more energy efficient workplace. An upgrade of our client database is in process which will help improve our maintenance of client data for better tracking and outcome measurement.

McGreal Society

The **McGreal Society**, named after William McGreal, the Association’s first President and his wife Elizabeth Yates McGreal, was established to provide a lasting legacy and perpetual financial support to the New Hampshire Association for the Blind.

It is very important that the Association continue to fulfill our mission into the next decade and beyond. The Society recognizes the foresight and generosity of friends who have planned support for the Association through wills, trusts, life income funds and life insurance gifts.

Members of the **McGreal Society** set an outstanding example to encourage others to help plan for the future needs of New Hampshire residents who are living with serious vision loss and blindness.

Jo Adcock Service Award

*Naomi Avery,
seated, center,
receives the
Jo Adcock
Service Award.*

The **Jo Adcock Service Award** is given to someone who has shown outstanding service and commitment to the field of blindness. This year’s recipient, Naomi Avery, exemplifies these values. Mrs. Avery was a former employee of the New Hampshire Association for the Blind. During the 70’s, Naomi was the Recreation Coordinator who was responsible for running Lighted Hearts groups across New Hampshire. After her tenure with the NHAB, she then went on to voluntarily rejuvenate and run the Lighted Hearts Group, and has done so for the last 20+ years. Month after month, year after year, she has created the opportunity for people who are blind and visually impaired to get together in a social setting. She has worked tirelessly and with great dedication to support those who are blind and visually impaired in a truly meaningful way.

Major Contributors to the 2009–2010 Annual Services Fund

Thank You!

Advancing the independence of those who are blind or visually impaired is our mission. Your support helps to make that happen. Gifts large and small make a difference everyday for the visually impaired in communities throughout New Hampshire.

On behalf of the Board of Directors, the clients we serve, and their families, we'd like to thank you for your generous contributions and loyal support.

Due to space constraints only donations of \$100 or more and received from September 1, 2009 through August 31, 2010 are listed in this year's Annual Report.

In our effort to publicly thank our donors while trying to be economically and ecologically responsible, all *Memorial and Tribute* gifts received from January 1, 2010 through August 31, 2010 can be viewed on our website at www.sightcenter.org.
