

Suggested Speaker Introduction Script – for Introducing Randy Pierce at a Corporate Event

Randy Pierce, President and CEO of Future In Sight, is an entrepreneur, adventurer and philanthropist. Randy is totally blind and always embodies the theme of “Achieving a Vision Beyond Your Sight,”.

Since losing his sight, Randy has continually forged ahead to experience an amazing variety of adventures and accomplishments - he’s won two National Marathon Championships, climbed to the summit of Mt. Kilimanjaro in Tanzania, competed in three Tough Mudder events, and, in 2018, released his first book titled “*See You at the Summit*”.

Randy will share with us today/tonight some of the details of his journey and many lessons available to us all—both personally and professionally--about striving for our own versions of “Peak Potential”.

(Please help me welcome Randy Pierce!)
