## **Social Media Star Sam Seavey to Grand Marshal Walk For Sight in Concord**

Sam hosts “The Blind Life” on YouTube

Concord, NH - Social Media Star Sam Seavey, host of The Blind Life on YouTube, will Grand Marshal the Walk For Sight on Saturday, May 18<sup>th</sup> in Downtown Concord. 2024 marks the 21<sup>st</sup> anniversary of Future In Sight’s signature fundraising event. Future In Sight is a 501(c)3 non-profit organization that provides services to children, adults and elderly in NH who are blind and visually impaired as a result of trauma, disease, and the natural progression of age. Many of the individuals that Future In Sight serves are considered low income as a result of their vision disability and/or aging out of the workforce. Funds raised during the Walk For Sight enable Future In Sight to continue offering services regardless of one’s ability to pay.

The **21st Annual Walk For Sight** will consist of a 1-mile loop through downtown Concord, starting and ending on the Capitol lawn. In addition to the Walk itself, there will be speeches from some exciting individuals including Mr. Seavey, fun photo opportunities, a puppy kissing booth with puppies who will one day be guide dogs, and a live DJ to keep the energy up.

Everyone who registers for the Walk For Sight will receive a drawstring bag filled with goodies. All walkers are encouraged to leverage their participation to help Future In Sight fundraise. Top fundraising individuals and teams will win a pizza delivery to celebrate their fundraising success.

The public can support the 21<sup>st</sup> Annual Walk For Sight by registering to walk as an individual or starting/joining a team, volunteering to work the event, or by making a donation to the event. Corporate sponsors are also welcome. Visit [futureinsight.org/walkforsight](https://futureinsight.org/walkforsight) to register, donate or learn more.

### **About Future In Sight**

Future In Sight was founded in 1912 and is the only private non-profit organization in New Hampshire to supply a comprehensive range of statewide services to children, adults and elderly who are blind and

# FUTURE IN SIGHT

visually impaired. Future In Sight's holistic continuum of care provides individuals with vital services which allow them to live with confidence and dignity.

Each service plan is tailored to meet the unique goals of the client and can include low vision therapy, occupational therapy, orientation & mobility training, adjustment-to-blindness counseling, rehabilitation therapy, enrichment and peer activities, and assistive technology training. In addition, Future In Sight enlists an amazing group of volunteers to help meet the unique needs of its clients by providing transportation to essential appointments and errands and making friendly calls and visits.
